FLIGHT, ASYLUM, WORK AND EDUCATION

Are you granted asylum, do you live in the Ennepe-Ruhr-District and do you want to work or start an education or training here? This means in accordance with SGB II you are entitled to benefits like helping to get integrated in work and security benefits.

WHERE DO YOU GET HELP?

You can apply for all security benefits according to SGB II in the Jobcenter EN.

Our Integration Point is your first central contact point as person granted asylum with residence permit and as resident of the Ennepe-Ruhr-District.

INTEGRATION POINT (IP) WITTEN

Especially for refugees there are four contact persons in the Integration Point Witten (Brauckstr. 14, in 58454 Witten, in the Gewerbepark Witten-Annen).

This is what we can do for you in the Integration Point:

- Clearing of your identity and your residence status
- Compilation of your personal profile (profession, education, training) according to the German job market
- Consultation and job search support or education/training support
- Help with recognition of your training qualifications and your graduations or school leaving certificates
- Placement in language or integration course

There is also one more person especially for refugees in our Regionaltele in Witten who you can contact. Below you can find all contact persons in both service points.

LOCAL NETWORKS

In the Ennepe-Ruhr-District there is a great willingness to help refugees. There are many local networks of activists (charity organisations, local authorities and other involved active helping persons). Especially in the beginning, coming into first contact with the Jobcenter EN, the engagement of professional and voluntary helping persons is very important for refugees. Volunteers and voluntary translators accompanying refugees to authorities are welcome.

Besides the public job agencies there are many more local services and help for refugees with granted asylum, of which also the Jobcenter makes use if needed. Below you can find a list of all services in Witten.
